

Connecting corners

A component essential for assembling the panel filter frame. Connecting corner, like the frames, are produced in two basic sizes.

Material			
Recycled ABS			
Surface			
Matte or glossy			
Color			
Black			
Packing			
E-PF-48C 500 pieces, E-PF-96-C 200 pieces			
Use			
Part of the pocket filter frame			
Chemical resistance			
Against dilute acids and bases as well as aliphatic hydrocarbons, oils and fats, alcohols, petrol and oils			
Solvents			
Aceton			
Properties			
Thermal	Softening temperature	IISO 306	92 - 102 °C
	Heat deflection temperature	IISO 75	85 - 95 °C
Mechanical	Tensile strength	ISO 179	25 - 40 KJ/m ²
	Bending strength	IISO 178	2 000 - 2 100 MPa
Catalog numbers			
E-PF-48-C	For PF-48-C frame		
E-PF-96-C	For PF-96-C frame
